## NHS 150i Easy Line

NHS 150i is the smallest in the range of NHS woodchippers, but despite the size of the chipper, the user will quickly learn that this is really a small predator.

With the NHS EasyCut® chopping system, which for the 150-series has reversible blades and does not require setting of either a blade or counter blade - whether you are servicing with new or resharpened ones.

Daily maintenance is easy and can be done simply with ordinary hand tools.

This woodchipper is ideal for anyone with an interest in simple and easy operation and maintenance. NHS 150 is also available with mechanical speed-up gear (NHS 150sa) for tractors with 540 revolutions on the PTO.

NHS 150 is with integrated hydraulics (internal hydraulics)

Max. log diameter / (Opening) [mm]	150 (150x170)
Min./max. power input [HP]	20/80
Revolutions PTO [rpm]	1000
Revolutions, Chipping disc [rpm]	1000
Blades (hardened) [pcs.]	4
Counter Blades [pcs.]	1
Cut per revolution	2
Chipping disc diameter [mm] / weight [kg] (EasyCut)	Ø600/60
Hydraulic feedroller/feedrollers [1 hydraulic, 1 follower]	√*
Blade-adjustment (chip-size) [mm]	7/15
NHS InfoCon	√
Hourcounter / Service-planner	√
Chip-production per hour [m <sup>3</sup> ]	8
Opening, funnel - W/H [mm]	990/720
Opening, Feedrollers - H/W [mm]	150/170
Discharge Pipe	√
Capacity, hydraulic oil tank [ltr]	20
Overrunning clutch	÷
Safety clutch, PTO-shaft	√
3 pt. suspension category	1/2
Length [mm]	2150
Width [mm]	1270
Height [mm]	2035
Weight [kg.]	435
Shipping dim. in meters [L/W/H]	2,2/1,3/2,4
Noise (workplace measurement) [dBA]	104
