

NHS 180e Standard Line

NHS 180 is the very DNA of NHS wood chippers. With over a decade in production, it is by far the most well-tested machine in the range.

The e-model is for external hydraulics (oil supply from tractor)

It has an aggressive and precise intake, and delivers a nice and uniform chip quality.

With a robust construction in a well-constructed geometry, you have a reliable machine that ensures an optimal working environment.

Max. Log diameter (Roller opening) [mm]	180
Min./max. Power input [HP]	35/100
Revolutions PTO [rpm]	540/ 1000
Revolutions, chipping disk [rpm]	540/ 1000
Blades (hardened) [pcs]	4
Counter blades [pcs]	2
Cut per revolution [pcs]	2
Chipping disc diameter [mm] / weight [kg] (EasyCut)	Ø710/135
Hydraulic feedroller/rollers	✓
Liters per minute [min./ max.]	15/40
Blade adjustment (chip-size) [mm]	8/14
NHS InfoCon	✓
Hourcounter/ Serviceplanner	✓
Chip production per hour [m ³]	15
Opening, funnel - W/H [mm]	1190/880
Opening, rollers - H/W [mm]	180/ 180
Discharge pipe	✓
Overrunning clutch	✓
Safety clutch PTO-shaft	✓
3 pt. suspension category	2
Length [mm]	2380
Width [mm]	1500
Height [mm]	2700
Weight [kg.]	735
Shipping dim. i meters [L/W/H]	2,4/1,5/2,05
Noise (Workplace measurement) [dBA]	104
